by: Lukman Hakim b. Mhd Shafie

On April 3, 2024, a historic Quran completion ceremony was held at Surau Al-Itqan, ILP Mersing, organised by Kelab Sukan & Kebajikan. This auspicious event was attended by several female staff members of KSDK, who showed determination and dedication in fulfilling their worship to Allah SWT. Among the participants were Mdm. Norazlina binti Abdul Zabir, Mdm. Rohjihan binti Jalil, Mdm. Zuraida binti Zainol, Mdm. Hairilasikin binti Othman, Ms. Nur Syahirah binti Amin Husni, Mdm. Noor Alisza binti Saamin, Mdm. Sharina binti Kamaruddin, Mdm. Aznur 'Ain binti Isa, Ms. Norhafniza binti Mohamed, Mdm. Zuriana binti Ali, and Mdm. Irmaliah Binti Mohd Ramli.

The Quran completion ceremony not only served as a platform for spiritual enrichment but also embodied the values of unity, solidarity, and reverence within the ILP Mersing community. It provided an opportunity for individuals from diverse backgrounds to come together in celebration of their shared faith and devotion to the teachings of Islam.

Moreover, the participation of female staff members in organising and attending the ceremony underscored the importance of inclusivity and empowerment within the religious sphere. Their presence and active involvement served as a powerful reminder of the integral role that women play in upholding religious traditions and fostering spiritual growth within society. As the ceremony drew to a close, a sense of peace and fulfillment pervaded the hearts of all in attendance. The Quran completion ceremony at Surau Al-Itqan, ILP Mersing, will be remembered as a moment of profound significance, symbolising the unwavering commitment of individuals to their faith and the enduring spirit of unity and reverence within the ILP Mersing community.

In conclusion, the Quran completion ceremony at Surau Al-Itqan, ILP Mersing, highlighted the dedication of KSDK's female staff members to their worship. This event united the ILP Mersing community in reverence and unity, showing the importance of inclusivity and empowerment. As the ceremony ended, it left a lasting sense of peace and fulfillment among all attendees. The event serves as a testament to the commitment of the female staff members of KSDK to their faith and their dedication to fostering unity and spiritual growth within their community.

The objective is to celebrate and acknowledge the dedication and devotion of KSDK's female staff members in completing their worship of reciting the Quran, fostering unity and reverence within the ILP Mersing community.

PRACTICAL EXAMINATION CENTER ASSESSMENT VISIT

by: Mohamad Maziz Zikri Mohd Tahir

On April 25, 2024, Mersing Industrial Training Institute received a visit from two officers of the Skills Development Department (JPK), namely Mr. Ahmad Iskandar bin Sulaiman (Chairman) and Ms. Airin binti Jalani (Panel), to assess the suitability of the Practical Examination Center (PPA) through the PPT approach (Technology Center Assessment). This visit was part of the assessment process to ensure the quality standards of vocational education delivery are carried out excellently, with a focus on continuous improvement in delivering curricula relevant to current industry needs.

In this assessment process, four main sections of ILP Mersing's PPA were evaluated, namely Electrical Technology, Welding Technology, Automotive Technology, and Telecommunication Technology. Each section was tested to ensure compliance with the standards set by JPK, including teaching aspects, facilities, administrative management, and excellence in providing a safe and conducive learning environment.

The assessment visit provided an opportunity for ILP Mersing to showcase its commitment to providing high-quality vocational education and training. The institute's dedication to meeting industry standards and preparing students for the workforce was evident throughout the evaluation process. Additionally, the visit allowed for constructive feedback and suggestions for further improvement, reinforcing ILP Mersing's commitment to continuous enhancement.

Furthermore, attention was given to administrative procedures, such as record-keeping and student support services, to guarantee the smooth operation of the institute and enhance the overall learning experience.

“
The objective of the assessment visit was to evaluate ILP Mersing's readiness and capability to serve as a Practical Examination Center (PPA) through the PPT approach for various vocational programmes.
”

We extend our sincere gratitude to all individuals involved in facilitating the assessment visit, including ILP Mersing staff, instructors, and administrators. Their dedication and hard work were instrumental in ensuring the smooth execution of the evaluation process. Moving forward, we are confident that ILP Mersing will continue to excel in providing top-notch vocational education and training, contributing to the development of a skilled and competitive workforce in the region and beyond.

NETWORK INFRASTRUCTURE UPGRADE PROJECT SITE TOUR

by: Muhammad Adib Zulfy Shamsudin

On April 25, 2024, Mersing Industrial Training Institute received a visit from five officers from JKR Johor led by Ms. Anis Adilah Binti Abu Talib, Mechanical Engineer, Building Division, JKR Johor. Also present from ILP Mersing were Mr. Mohd Nor Hairulzaki Bin Badawi, Ms. Suhailae Binti Moridan, and Ms. Nur Afidah binti Mahmud. The purpose of the visit was to provide technical advice and cost estimation for the Network Infrastructure Upgrading Project (NIUP) to be carried out at ILP Mersing in the future. The visit began with an initial discussion, where both parties exchanged views on the project's needs and objectives.

During the site visit, several areas requiring improvement were identified. These included upgrading the network bandwidth to meet increasing demands and deploying modern networking equipment to enhance the infrastructure. Additionally, robust cybersecurity measures were recommended to protect ILP Mersing's digital assets from emerging threats. These enhancements are crucial for ensuring the efficiency and security of ILP Mersing's network infrastructure in line with modern standards and requirements. Furthermore, implementing regular training sessions for staff to stay updated on the latest cybersecurity practices and technologies will further fortify ILP Mersing's defense against potential cyber threats.

Subsequently, the technical team conducted a comprehensive survey of the existing network infrastructure at ILP Mersing to assess the current situation and identify areas in need of upgrading. In-depth technical discussions were held to consider engineering aspects such as capacity, reliability, and safety of the network system that need to be improved. Additionally, a cost estimation study was conducted to ensure careful and efficient financial planning for the implementation of NIUP.

The purpose of the visit was to provide technical advice and cost estimation for the Network Infrastructure Upgrading Project (NIUP) to be carried out at ILP Mersing in the future.

In conclusion, through this site visit, several critical areas for improvement have been identified at ILP Mersing. These include upgrading network bandwidth, deploying state-of-the-art networking equipment, and reinforcing cybersecurity measures. By implementing these enhancements, ILP Mersing can enhance the efficiency and security of their network infrastructure, providing continuous benefits to the local educational community.
